Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Town of Chelsea to design and construct a new above ground pump station for the Chelsea Water System Wastewater Treatment Facility. The entity to receive funding is the Town of Chelsea located at P.O. Box 266, Chelsea, VT 05038.

\$750,000 in congressional support is needed to replace the existing dry well connected to a below ground pump station with an above ground pump station housed in an enclosure with a roof.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Peter Welch  
Member of Congress
